October News

This academic year is off to a great start. The transition into the new school year is going very smoothly. Thank you for all your cooperation and help.

We are focusing our efforts on great attendance for all students. We would like all students to attend 95% of the time this year. This means students cannot miss more than 9 days of school each year. Please help make sure that absences are kept to a minimum. It is very important that all students participate each day.

This month we have Teacher In-Service day on October 7th and 8th. These will be a non-school days for students. Teachers will be working on professional development opportunities and getting materials together for Short Term Distance Learning if needed.

This year Parent Teacher conferences will take place November 4-5. We will be developing a schedule so all students and families can meet with their classroom teacher.
