Special Note

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. The story is harder to tell this year as the COVID-19 pandemic significantly impacted our schools and the data we collect. As a result, statewide assessment and attendance data cannot be compared to prior years and are not shown here. We have included links to our website where you can view the 2020-21 statewide assessment and attendance data and read a detailed description of how these data were impacted. We're thankful for your partnership as we focus on care, connection and the creation of safe, inclusive and supportive learning environments.

Safe, Welcoming Facilities and Services At Sweet Home H.S., we work as an educational Team to create a school where each student feels valued and inspired to improve. We believe that focus will give each student every opportunity to achieve their potential. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Sweet Home School District has made many building improvements in recent years to provide a safe and welcoming environment for all. We will continue to:

- Work within our long-term plan to support the continuous improvement of our facilities.
- Improve district safety and security by strengthening safety plans, increasing staff training, and providing comprehensive oversight.
- Offer welcoming and inspiring facilities.
- Modernize learning environments and increase access to updated technology.
