From the desk of Principal Phillips

Outstanding Achievement - Our highly trained and caring staff will continue to effectively serve the academic, social and emotional needs of all of our students. Hawthorne's core belief is to provide rigorous, relevant, and relationship based instruction to meet each individual student's needs and prepare them for junior high, high school, and beyond. Hawthorne's Mission Statement is, "The Hawthorne Family strives to create an environment where there is success for every student every day!"

Our talented staff will continue teaching to the common core state standards (CCSS) and hold true to the idea that ... every student can learn and achieve. As part of the 5-day schedule, the Sweet Home School District will continue to use the early release Wednesdays for some staff development time. Using this dedicated time slot, Hawthorne will continue to improve and develop our Professional Learning Communities (PLC) groups. The PLC process involves staff working collaboratively together to identify ... what we want our students to learn, and how we will know if they have learned it. Most importantly, as a staff, we will decide how to respond when students are not learning and how we will enrich and extend the learning for our students, so they can grasp the vital information essential to the lessons we are providing in the classrooms.

As always, if you have any questions or concerns please feel free to contact me.
