To Whom it May Concern,

I am writing to inform you that I will be resigning from teaching math at the Sweet Home Junior High. I will be finishing out this year, unfortunately, I will not be able to return to teaching next year. I am thankful to have worked with such an amazing staff and I wish nothing but the best for everyone moving forward. If there is anything I can do to help with the transition to a new teacher next year please let me know.

Thank You, Whitney Grizzle

Resignation date 6/16/23

June 5th, 2023

To whom it may concern,

Please accept this email as my formal Letter of Resignation as the Director of Bands for the Sweet Home School District effective the end of the current contract year. I will be finishing out the school year but will not be returning for next school year, 2023-2024.

After careful consideration and much thought, I have determined that the distance from where I live to where I work has been too much of a financial burden as well as putting too much of a personal burden on my family. Over the past eight years, I have enjoyed my time teaching band and music to my 6th-12th grade students and I have thoroughly enjoyed seeing the 6th grade beginners progress year after year into the musicians they become in high school.

My time at Sweet Home High School has been filled with support from other staff members and the administration. I am grateful for being given the opportunity, right out of college, to be the director of bands for these past eight years. I am confident that whoever takes over the position as Director of Bands will be completely supported by staff and administrators.

I hope you understand my decision and accept my resignation. If there are any formalities that need to be completed before I leave, please do not hesitate to let me know.

Sincerely, Elijah Heide

MEMORANDUM

To:

Board of Directors

From:

Kevin Strong

Subject:

Free Breakfasts and Lunches for all Students

Date:

June 2, 2023

We received notification today that we can continue offering free breakfasts and lunches to all students for another four years through the Community Eligibility Provision (CEP) program.

Program benefits included increased school meal participation, no stigma for students who receive free lunch, reduced administrative paperwork and cost savings for Sweet Home households.

A number of staff members helped gather the information necessary for our application and I am grateful for their efforts.

Oregon achieves . . . together!

RESOLUTION #02-2223

WHEREAS, the Sweet Home School District Board of Directors established the Long Term Maintenance Fund in 2004 so the District would not have to rely entirely on bonds to make capital improvements and major repairs.

WHEREAS, the Board is committed to safe, secure and welcoming school facilities for students.

Be it resolved that the Board of Directors of Sweet Home School District #55 hereby adopts the following budget adjustment for the 2022-23 fiscal year:

1. Transfer \$750,000 from the General Fund to the Long Term Maintenance Fund.

The above resolution statement was approved and declared adopted on this 12th day of June 2023.

GASB Statement 54, issued by the Government Accounting and Standards Board, requires fund balances to be reported in classifications that "comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent."

The ending balance for all funds must be designated per the following categories set forth by GASB 54:

- Non-spendable Funds which cannot be spent.
- Restricted Amounts subject to externally enforceable legal restrictions (imposed by grantors, contributors, governmental regulations, etc.)
- Committed Amounts whose use is constrained by limitations that a government imposes upon itself.
- Assigned Intended use of resources established by the governing body itself, or by an official or officers
 to which authority is delegated by the governing body.
- Unassigned Available for any purpose. (Reported only in the General Fund.)

Assignments

Superintendent Signature

Authority to classify portions of ending fund balance as Assigned is hereby granted to the Superintendent and Business Manager.

Spending as it Relates to Ending Fund Balance Policy

The Board of Directors considers the spending of restricted fund balances on purposes for which such funds can be used to occur first when funds are spent for restricted and unrestricted purposes. When unrestricted classifications of fund balance are spent, the board will consider that committed amounts will be reduced first, followed by assigned amounts and then unassigned amounts.

NOW THEREFORE the Board of Directors for the Sweet Home School District hereby make the following designations of FY 2022-2023 ending fund balances and revenues for specific uses in FY 2023-2024:

- Committed Fund Balances The ending balance of each of the following funds is "Committed" in accordance with the purposes stated for each fund or program in the FY 2023-2024 adopted budget:
 - PERS Debt Service Fund 310 for 2002 Series Borrowing
 - PERS Debt Service Fund 320 for 2003 Series Borrowing
- 2. The General Fund is unassigned. All other non-fiduciary funds are either assigned or restricted.

GASB 54 only applies to governmental funds. Trust and Agency funds do not report a fund balance in the basic financial statements.

Γhe above resolution statements were approved and declared adopted on this 12 th day of	June 2023,

Board Approval Request – Oak Heights Elementary School Renovation

Date:

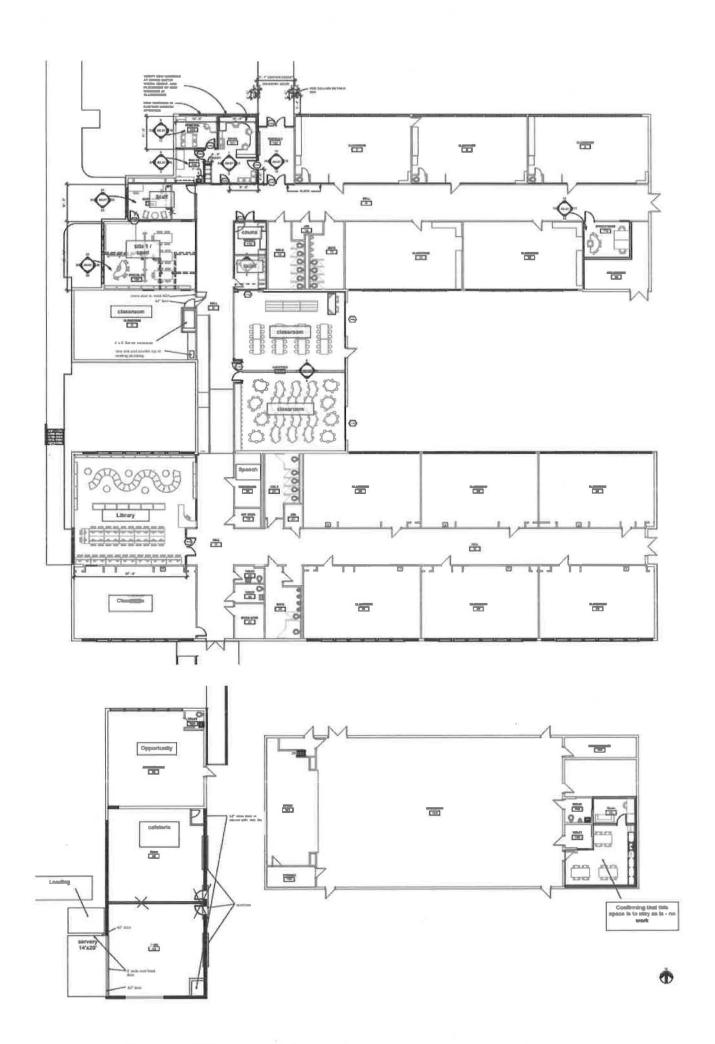

June 1, 2023

We request Board approval to utilize federal Elementary and Secondary School Emergency Relief (ESSER) funds for renovation costs outside of the scope of the \$2.5 million seismic grant that the Sweet Home School District was recently awarded. Preliminary plans include a new front entrance allowing office staff to see who is approaching the school, a cafeteria space separate from the gym, a new library and an extra classroom.

The ESSER funds must be spent by September 30, 2024 and this project will help ensure that the funds are fully utilized.

The next page includes a preliminary floorplan showing the improvements being considered for Oak Heights.

The Oak Heights renovation will be the seventh major facility improvement project over the past eight years funded without increasing the tax rate. The prior projects were the Husky Field turf and track project, the Sweet Home High School auditorium renovation, the Hawthorne Elementary School renovation, the Foster Elementary School renovation, the Holley Elementary School renovation, and the Sweet Home Junior High School renovation.

Discrimination Complaint Procedure

Complaints regarding discrimination or harassment, on any basis protected by law, shall be processed in accordance with the following procedures:

Step 1: Complaints may be oral or in writing and must be filed with the principal. Any staff member that receives an oral or written complaint shall report the complaint to the principal.

> The principal shall investigate and determine the action to be taken, if any, and reply in writing, to the complainant within 10 school days of receipt of the complaint.

Step 2: If the complainant wishes to appeal the decision of the principal, the complainant may submit a written appeal to the superintendent or designee within five school days after receipt of the principal's response to the complaint.

> The superintendent or designee shall review the principal's decision within five school days and may meet with all parties involved. The superintendent or designee will review the merits of the complaint and the principal's decision. The superintendent or designee will respond in writing to the complainant within 10 school days.

- Step 3 If the superintendent was not the decision maker in the previous step, a complainant who wishes to appeal a decision reached in step 2 may appeal the decision within five school days to the superintendent. The superintendent shall review such decision within 10 school days and may meet with all parties involved. The superintendent will review the merits of the complaint and the designee's decision. The superintendent will respond in writing to the complainant within 10 school days.
- If the complainant is not satisfied with the decision of the superintendent, a written appeal may Step 4: be filed with the Board within five school days of receipt of the superintendent's response. The Board may decide to hear or deny the request for appeal at a Board meeting. If the Board decides to hear the appeal, the Board may meet with the concerned parties and their representative at the next regular or special Board meeting. The Board's decision will be final and will address each allegation in the complaint and contain reasons for the Board's decision. A copy of the Board's final decision shall be sent to the complainant in writing or electronic form within 3010 days of receipt of the appeal by the Boardthis meeting.

If the principal is the subject of the complaint, the individual may start at Step 2 and should file a complaint with the superintendent or designee.

If the superintendent is the subject of the complaint, the complaint may start at Step 3 and should be referred to the Board chair.

Complaints against the Board as a whole or against an individual Board member, may start at Step 3 and should be submitted to the Board chair and may be referred to district counsel. Complaints against the Board chair may start at Step 3 and be referred directly to the Board vice chair.

The timelines established in each step of this procedure may be extended upon mutual consent of the district and the complainant in writing, but will not be longer than 30 days from the date of the submission of the complaint at any step. The overall timeline of this complaint procedure may be extended beyond 90 days from the initial filing of the complaint upon written mutual consent of the district and the complainant.

The complainant, if a person who resides in the district, a parent or guardian of a student who attends school in the district or a student, is not satisfied after exhausting local complaint procedures, the district fails to render a written decision within 30 days of submission of the complaint at any step or fails to resolve the complaint within 90 days of the initialinitialing filing of the complaint, may appeal the district's final decision to the Deputy Superintendent of Public Instruction under Oregon Administrative Rules (OAR) 581-002-0001 – 581-002-0023.

An appeal must meet the criteria found in OAR 581-002-0005(1)(a).

{Optional policy. OSBA recommends consulting with your IT professionals prior to adoption.}
The purpose of information security is to protect the confidentiality, integrity and availability of district data as well as any information systems that store, process, or transmit district data, and protect the information resources of the district from unauthorized access or damage.

The underlying principles followed to achieve that objective are:

- 1. Information Confidentiality: The ability to access or modify information is provided only to authorized users for authorized purposes;
- 2. Information Integrity: The information used in the pursuit of the district objectives can be trusted to correctly reflect the reality it represents; and
- 3. Information Availability: The information resources of the district, including the network, the hardware, the software, the facilities, the infrastructure, and any other such resources, are available to support the objectives for which they are designated.

The requirement to safeguard information resources must be balanced with the need to support the pursuit of legitimate district objectives. The value of information as a resource increases through its appropriate use; its value diminishes through misuse, misinterpretation, or unnecessary restrictions to its access.

This policy[and accompanying administrative regulation] applies to all staff and third-party agents of the district as well as any other district affiliate, including students, who are authorized to access district data and to all computer and communication devices and systems that store, process, or transmit district data.

Throughout its lifecycle, an information system that stores, processes or transmits district data shall be protected in a manner that is considered reasonable and appropriate, as defined in documentation approved and maintained by the [Information Technology Department], given the level of sensitivity, value and criticality that the district data has to the district.

Individuals who are authorized to access district data shall adhere to the appropriate Roles and Responsibilities, as defined in this administrative regulation.

Roles and Responsibilities

"Designated Information Security Officer (ISO)" means an employee designated by the superintendent to oversee the information security program. The ISO will be a senior-level employee in the district. The responsibilities of the ISO include the following:

- 1. Developing and implementing a district-wide information security program;
- 2. Documenting and disseminating information security policies and procedures;
- 3. Coordinating the development and implementation of required information security training and awareness program for staff and administrators;
- 4. Coordinating a response to actual or suspected breaches in the confidentiality, integrity or availability of district data and following statutory requirements;
- 5. Implement Multi-Factor Authentication (MFA) for logins[; and] [.]
- 6. [Implementing an IT security audit.]

"Data owner" means a management-level employee of the district who oversees the lifecycle of one or more sets of district data. Responsibilities of a data owner include the following:

- 1. Assigning an appropriate classification to district data;
- 2. Determining the appropriate criteria for obtaining access to district data;
- 3. Ensuring that data custodians implement reasonable and appropriate security controls to protect the confidentiality, integrity and availability of district data;
- 4. Understanding and approving how district data is stored, processed, and transmitted by the district and by third-party agents of the district; and

- 5. Understanding how district data is governed by district policies, state and federal regulations, contracts and other legal binding agreements.
- "Data custodian" means an employee of the [Information Technology Department] who has administrative and/or operational responsibility over district data. In many cases, there will be multiple data custodians. A data custodian is responsible for the following:
- 1. Understanding and reporting on how district data is stored, processed and transmitted by the district and by third-party agents of the district;
- 2. Implementing appropriate physical and technical safeguards to protect the confidentiality, integrity and availability of district data;
- 3. Documenting and disseminating administrative and operational procedures to ensure consistent storage, processing and transmission of district data;
- 4. Provisioning and deprovisioning access to district data as authorized by the data owner;
- 5. Understanding and reporting on security risks and how they impact the confidentiality, integrity and availability of district data;
- 6. Back up data daily; and
- 7. Force email and domain passwords to expire at least annually.
- "User," for the purpose of information security, means any employee, contractor or third-party agent of the district who is authorized to access District Information Systems and/or district data. A user is responsible for the following:
- 1. Adhering to policies, guidelines and procedures pertaining to the protection of district data;
- 2. Reporting actual or suspected vulnerabilities in the confidentiality, integrity or availability of district data to a manager or the [Information Technology Department]; and
- 3. Reporting actual or suspected breaches in the confidentiality, integrity or availability of district data to the [Information Technology Department].

Classification of Information

Data classification, in the context of information security, is the classification of data based on its level of sensitivity and the impact to the district should that data be disclosed, altered or destroyed without authorization. The classification of data helps determine what baseline security controls are appropriate for safeguarding that data. All district data should be classified into one of three sensitivity levels or classifications: confidential, sensitive and public. In some cases, data could fall into multiple categories, i.e., salaries.

Data should be classified as confidential when the unauthorized disclosure, alteration, or destruction of that data could cause a significant level of risk to the district or its affiliates. Examples of confidential data include data protected by state or federal privacy regulations and data protected by confidentiality

agreements. The highest level of security controls should be applied to confidential data. Examples: student data, evaluation and disciplinary records.¹

Data should be classified as sensitive when the unauthorized disclosure, alteration or destruction of that data could result in a moderate level of risk to the district or its affiliates. By default, all district data that is not explicitly classified as confidential or public data should be treated as sensitive data. A reasonable level of security controls should be applied to private data. Examples: salaries and staff personal contact information.

Data classified as sensitive may be disclosable as public record under Oregon Revised Statute (ORS) Chapter 192. However, the sensitivity level of the data can warrant the assigned data classification and associated safeguard security controls.

Data should be classified as public when the unauthorized disclosure, alteration or destruction of that data would result in little or no risk to the district and its affiliates. Examples of public data include information intended for broad use within the district community at large or for public use. While little or no controls are required to protect the confidentiality of public data, some level of control is required to prevent unauthorized modification or destruction of public data. Examples: board minutes and policies.

{Examples may vary based on the needs of the district.}

Online Services and Applications

District employees are encouraged to research online services or applications to support the pursuit of district objectives. However, district employees are prohibited from installing or using applications, programs or other software, or online systems/websites that store, collect or share confidential or sensitive data, until the ISO approves the vendor and software or service. Before approving the use or purchase of any such software or online service, the ISO, or designee, shall verify that it meets the requirements of all applicable laws, regulations and board policies, and that it appropriately protects district data. This prior approval is required whether or not the software or online service is obtained or used without charge.

Implementation

The [Information Technology Department] is directed to develop operating policies, standards, baselines, guidelines and procedures for the implementation of this administrative regulations to include, but not limited to, addressing data encryption, logical access control, physical access control, vulnerability management, risk management and security logging and monitoring.

Violations of Policy and Misuse of Information

Violations of this administrative regulation include, but are not limited to: accessing information to which the individual has no legitimate right; enabling unauthorized individuals to access information; disclosing information in a way that violates applicable policy, procedure or other relevant regulations or laws; inappropriately modifying or destroying information; inadequately protecting information; or ignoring the

¹ These examples are for IT purposes and may not be consistent with record request and disclosure requirements.

explicit requirements of data owners for the proper management, use and protection of information resources.

Violations may result in disciplinary action in accordance with district policies, procedures and/or applicable laws. Sanctions may include one or more of the following:

- 1. Suspension or termination of access;
- 2. Disciplinary action up to and including dismissal; and
- 3. Civil or criminal penalties.

Employees are [encouraged] to report suspected violations of this administrative regulation to the ISO or to the appropriate data owner. Reports of violations are considered sensitive information until otherwise designated.

Religious and Cultural Holidays**

{Optional policy. The district could adopt portions of the policy or make changes to better meet the district's needs. If the district adopts this policy, OSBA encourages the district to engage the community to determine what the major holidays are in your community.}

Accommodation for Religious Instruction and Cultural Observance

The district recognizes each student's individual right to free exercise of religion. The district may accommodate students' religious or cultural¹ observance, while neither promoting one religion or culture over another nor preferring religion over non-religion. Specific requests for religious or cultural accommodation should be directed to the student's teacher or principal [in accordance with Board policy IGBHD - Program Exemptions].

Release Time for Religious and Instruction and Cultural Holidays

The district will permit elementary and secondary school students to be released from school each week consistently for religious instruction in accordance with Oregon law [and Board policy JEF - Release Time for Religious Instruction].

Accommodation of Absences for Religious [and Cultural Reasons]

Any student unable to attend classes on a particular day due to religious beliefs [or cultural observance] shall be excused from attendance requirements for that day. No such absence shall be counted against a student in determining eligibility for educational benefits, exclusion from programs, reduction of grades or failure.

Scheduling Around Major Religious and Cultural Holidays

For purposes of this policy, "major religious or cultural holidays" are holidays, observance of which: (1) is common among adherents of a student's religion or culture; (2) include ritual or worship obligations or practices that cannot reasonably be fulfilled during school activities; and (3) fulfillment of such obligations or practices would necessarily conflict with scheduled school activities.

¹ An example of a major non-religious cultural holiday would be the Chinese New Year.

² Districts are encouraged to engage with the community to identify holidays that are observed by students, staff and community members that would be considered major religious or cultural holidays.

³ For example, holiday-related dietary restrictions may still be observed while at school, but group prayer or ritual hymns may not.

⁴ If such obligations occur in the evening, then there would be no constraints on scheduling such activities during the school day, so long as the students will be timely released to engage in such evening activities.

1. Schoolwide and Gradewide Events. Schools should avoid scheduling important events that by their nature cannot be made up (such as picture day, open house, prom, graduation, and Outdoor School) on days that conflict with major religious or cultural holidays that may impact student attendance or participation. Such events shall be scheduled on major religious or cultural holidays only if such scheduling is reasonably necessary to carry out the proper functioning of a school program or course of study, to avoid an unreasonable burden on other students, or if such scheduling is outside the control of school employees.

The district will make a good faith effort to identify major religious or cultural holidays observed in the local community by consulting generally accepted sources of information. Students and families may request that one or more holidays from their religious or cultural tradition be included on the district's list of major religious or cultural holidays under this policy.

2. Field Trips, Cocurricular and Extracurricular Activities. When scheduling other special events such as field trips, try-outs, plays, concerts and major cocurricular and extracurricular activities, staff must consider the potential for students to experience conflicts on major religious or cultural holidays. Staff will inform students and parents of plans as far in advance as possible, so that conflicts with major religious or cultural holidays can be avoided, if it is possible to do so without making burdensome demands on programs or other students, and otherwise accommodated if not. Parents and students are encouraged to communicate their need for accommodation to the school, for major religious or cultural holidays not already recognized by the district.

The field trip approval process will include a question about scheduling and major religious or cultural holidays. For a field trip to be scheduled on a major religious or cultural holiday, an administrator must review and approve the request. Administrator approval is also required to schedule a major cocurricular or extracurricular activity on a major religious or cultural holiday when scheduling is within the control of the school or district.

- 3. Tests and Assignments. Any tests and assignments a student misses because of religious instruction or religious or cultural observances shall be given to the student at another time. Teachers shall provide students a meaningful opportunity and reasonable time to make up missed classwork, tests, quizzes, and final exam reviews, and to complete homework due on that day or the following school day. When scheduling tests, staff must consider the potential for students to experience conflicts on major religious or cultural holidays. Make-up opportunities will not be required of a student on the school day immediately after a student is absent from school to observe a major religious or cultural holiday.
- 4. Final Exams. Final exams are scheduled based on the district-adopted calendar. The Board should consider the likely resulting exam schedule and possible conflicts with major religious or cultural holidays as they consider calendar options.

Communication

The superintendent will prepare guidelines implementing this policy, including a list of major religious holidays and cultural holidays, which will be communicated to staff. School staff will be informed at least twice per year of dates of major religious or cultural holidays. Parents will be informed at least annually about this policy and their student's right to request accommodation. Information including a list of major

religious or cultural holidays will be made available on the district website. Parents are encouraged to communicate their student's need for accommodation to the school.

The superintendent shall reconsider the scope of this policy and recommend changes to the Board as needed if the total number of school days identified as major religious or cultural holidays is likely to impose an unreasonable burden on the district's ability to schedule important school events.

Program Exemptions**

The districtThe Board may excuse students from a state-required program or learning activity for reasons of religion, disability or other reasons deemed appropriate by the district.

An alternative education program for credit may be provided.

When granted, the Board's approval of an alternative is based upon and includes:

- 1. A written request from the student and the student's parents or guardian listing the reasons for the request and a proposed alternative for an individualized learning activity which substitutes for the period of time exempt from the program and meets the goals of the learning activity or course being exempt;
- 2. An evaluation of the request and approval by appropriate school personnel (the alternative should be consistent with the student's educational progress and career goals as described in OAR 581-022-2270 and OAR 581-022-2060).

Following approval by the Board at one of its scheduled meetings, and upon completion of the alternative, credit shall be granted to the student.
