This year's summer program will take place:

When: Monday through Thursday from June 30th through July 24th.

This year's summer school will help fill any literacy gaps that students may be experiencing. We will also tie in some math and lots of STEAM (Science, Technology, Engineering, and Math)! Students will have a choice of afternoon STEAM topics. Some of those choices may include: Lego Robotics, Engineering, weaving, origami, coding, calligraphy, board games, etc.

Breakfast and lunch will be provided. If your student is a member of the Boys and Girls club we can offer bus transportation to and from the Boys and Girls club before and after summer school each day. Please mark on the sheet B & G Club as pick-up and/or drop-off locations.

This application does not guarantee a spot in our summer program. We will notify families the first week of June if we have a spot available for your child.
